# 2024 Pharmacy Plan Guide

Managing Your Benefits

# Your Pharmacy Plan

## Pharmacy Benefits Partner

**VeracityRx will continue to oversee and manage your pharmacy benefits for the 2024 plan year.** As your benefits partner, VeracityRx handles all claims and customer service functions including Specialty and Personal Importation pharmacy fulfillment.

## Where You Can Fill Prescriptions

Virtually any pharmacy can fill your prescription(s).

## Member Portal Access and Benefits Management

- Register for your member portal access *after you receive your ID card.*
  - Register at: <https://veracity.procarerx.com>
    - *Note: To access the secured portal listed above, the full web address must include **https://***
- Use your online account to:
  - Access and/or restrict profile viewing by other family members
  - Review your prescription claims history or individual prescriptions
  - Look up a drug to identify formulary status and preferred alternatives
  - Locate pharmacies within a zip code, state, city, or county

# Prescription Coverage Overview

## VeracityRx

---

Here's a few ways our Pharmacy program strives to save members money.

### Go Generic and Save

- When you choose the generic prescription versus the brand name Rx, you can save on your member cost/copay. *For example, if your physician prescribes the name brand "Norvasc" to manage your blood pressure, choose the generic form amlodipine and save yourself and the plan money.*

### Get your 90-day prescription filled right at your favorite local pharmacy

- You can elect to get a 90-day fill using your local pharmacy. *Mail order is not available under the plan.*

### Specialty Pharmacy Services

- **Specialty Medications**
  - For more information on specialty drugs, please go to [www.veracity-rx.com](http://www.veracity-rx.com) and complete the "Enrollment Form". Once completed, a VeracityRx Specialty team member will be in touch. **See page 3** for additional details and a list of commonly prescribed Specialty Medications.
- **Personal Importation Medications**
  - Medications that can be obtained internationally (from Canada) can also be acquired through VeracityRx Pharmacy Services. When the medications are obtained this way, the cost to you is **\$0 Copay**. **See page 4** for additional details and a list of commonly prescribed Personal Importation Medications.

**Note:** *Some drugs require a pre-authorization. Even if you have obtained a pre-authorization with the current plan, you may have to obtain an updated one for the new plan.*

# Specialty Medications

## Specialty Medications

**Specialty Medications are EXCLUDED from the plan.** A Pharmacy Specialist, who is a registered pharmacist, will work with you as your advocate. Their team works closely with you (and/or covered family members who are taking a specialty medication) and with the specialty medication manufacturer and the prescriber to ensure continuity of care.

A member of the pharmacy specialty team will assist in the process to help you obtain your medication(s). As your pharmacy specialist and patient advocate, they are here to assist on your behalf. If you or your covered dependent are currently taking a medication affected by these changes, please enroll at [www.veracity-rx.com](http://www.veracity-rx.com). Following your enrollment, a member of the team will contact you.

*To begin the process, log onto the website below to complete the “Enrollment Form”.*

**\*\*\*\*Brand vs Generic Equivalent:** If you request a brand name drug when a generic of the same medication is available, you will be responsible for your copay as well as the difference in cost between the generic product and the brand name product.

### Example:

- Brand Cost: Adderall XR 20mg (#30) = \$211.55 *(cost is subject to change)*
- Generic Cost: Dextroamp-Amphet ER 20mg (#30) = \$64.82 *(cost is subject to change)*

### Member Responsibility:

Total Cost for Brand Name: \$60 copay + \$146.73 (cost difference between brand and generic) = \$206.73

### Common drug exclusions

The plan does not cover certain items. Some exclusions may include:

- Over the counter (OTC) medications or their equivalents, including certain Proton Pump Inhibitors (PPI) or allergy medications, such as Prevacid, Prilosec, Nexium, Zyrtec, Allegra, and Claritin
- Drug products used for cosmetic purposes
