

USABILITY & CLEANLINESS

# TFS-2-P Tint Plug

The TFS-2-P is a versatile closure solution designed for plastic containers using Rieke's standard 49mm fill opening. With a natural, colorless finish and low-profile design, it complements a wide range of lid types including: 1.0g M2, 2.0g M2, 3.5-6.5g M1, M2, M3, and M4. Its removable and resealable function allows for easy access and secure reclosure, ideal for both dispensing and storage.

**Part #: 480001**

## FEATURES

- Removeable & Resealable - Enables easy, repeated access to container contents
- 49mm Size - Fits Rieke's industry standard 1-15/16" fill opening
- Natural Finish - Clean, unobtrusive appearance for broad packaging applications

## ADD ON OPTIONS

- Polybagged & Twist Tied - For added cleanliness and convenience during handling and assembly
