

FS-10-10 Metal Spout

The FS-10-10 is a tamper-evident Flexspout® closure for 63mm crimp-on containers, featuring a retractable directional spout, anti-glug flow, and secure crimp-on sealing. Compatible with 3.5–6.5g M1, M2, M3, and M4 lids, it supports venting options including PV-TFE-1, TFE-HP2, and PV-21 (Buna or EPDM) for pressure or vacuum relief.

Optional enhancements like polybagging, fluorinated or irradiated bodies, and aluminum retainers make the FS-10-10 ideal for high-performance industrial and chemical applications requiring safe, controlled dispensing.

mmcontainer.com • 800.331.5305

Part #: 470000

FEATURES

- 63mm size for crimp-on containers
- Retractable directional pour spout with grey 40mm screw cap
- Tamper-evident design
- Anti-glug for smooth, controlled flow
- Backup sealing for metal and plastic compatibility
- Tool required for secure application
- Crimp-on sealing ensures closure integrity
- Recyclable with plastic or metal containers
- Best in Class Chemical Compatibility

VENT OPTIONS

- PV-TFE-1: Microporous Vent
- TFE-HP2: Microporous Vent
- PV-21 (Buna or EPDM) for pressure/vacuum applications
